

## Battle of Ai – Joshua chapters 7-8

Possible location of Ai at Khirbet Nisya, near Israeli West Bank settlement of Psagot and adjacent to Ramallah. Identified on the map to the left are ruins from 200 BCE through 700 CE, including a winepress, mikvah, watchtower, and caves used for hiding during Bar Kochba's revolt.

The valley traveled by Joshua and the Bnei Yisrael from Jericho to Ai. Jericho would be off the map at the bottom right side, and Ai would be diagonally across past the top left.
